

Frontier in Chemical Engineering - the 2nd Global Chinese Chemical Engineers Forum

国际化学工程前沿展望 - 第二届全球华人化工学者论坛

in conjunction with
**The 3rd Australia-China Joint Symposium
on Science, Technology and Education**

6-8 October 2010
Melbourne Convention Centre, Melbourne, Victoria, Australia

We are pleased to announce that the 2nd Global Chinese Engineers Forum will be held in Melbourne on 6-8 Oct. 2010, in conjunction with the 3rd Australia-China Joint Symposium on Science, Technology and Education. The forum will follow the first successful one held in Canada last year. It aims to provide a platform to discuss frontier research in chemical engineering and to foster international research collaboration among scholars with Chinese background. The scope of the forum will cover all aspects from fundamental to applied research in chemical engineering and relevant fields.

Call for paper

The official language of the forum is English. Participants are welcome to submit abstracts (up to 500 words) to the Symposium Local Organizing Committee Secretary Dr Guandong Xu via email: focsa.au@gmail.com and cc to Prof. Aibing Yu (a.yu@unsw.edu.au) by 15 May 2010.

Please mention, in the completed submission form, that the program track you attend is: Chemistry and Chemical Engineering, and it is for GCCEF Forum.
